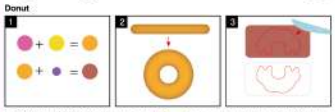
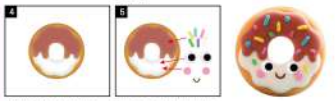
Light Clay Starter Set

3+ years

Donut

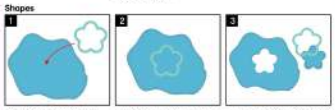


1. The light clay can be mixed to create a new color as shown in the picture.
2. Roll the clay into a long strip, connect the ends to form a circle, then gently press the circle to create the base of the donut.
3. Flatten the clay on the table into a sheet, then use clay tools to cut it into the shapes shown.



4. Place the cut-out pieces onto the donut base.
5. Form the mouth and blush using the clay, then sprinkle with colored sprinkles. Attach the googly eyes to complete the figure.

Shapes



1. Pattern a piece of light clay into a large sheet.
2. Press a mold firmly onto the surface.
3. Remove the mold to reveal the shape.
