Please read all instructions carefully and make sure you have all parts before starting assembly

Assembly steps-

Step 1,

Take out the fibreglass poles from bag. Assemble the poles by each section joined together with ferrule.

Step 2,

Spread out the inner tent body. Insert the poles through the pole sleeve on the tent body.

Step 3,

Erect the tent with pole arch and put both pole ends in the webbing pocket on each tent corner. Attach the hooks to each pole.

Step 4,

Cover the inner tent with flysheet body and fix the bottom corners with S hook on the inner tent. Move the tent to where you want to build your campsite. Secure the pre-attached guy ropes and peg down. The tent is complete.
