Step 1: Attach part 11 onto board 1 with part l (as per below diagram). Attach part e onto board 7 with part f (as per below diagram)

Fix the screws part a&b onto board 6 and put part c into the corresponding position (as per below diagram). Attach board 4 and 5 to board 6, and then fix the round screws part b with a screwdriver. Ensure all parts align.

Step 2:

Fix the screws part a&b onto board 1&2&3 and put part c into the corresponding position (as per below diagram). Attach board 3 and 6 from step 1 together with board 1 and fix the round screws part b with a screwdriver then attach with board 2 together. after that fix the screws part d onto board 2 and tighten. Ensure all parts align.

Tool required
Phillips Head Screw Driver
(Not Provided)

Step 3:

Attach part 10 onto the bottom board 2 with part h by a screwdriver and use a hex key part m to attach part 9 onto part 10 with screws part i. Make sure to be on a corresponding position (as per below diagram) and all parts align. Attach board 8 onto the back with nails part g with a corresponding position (as per below diagram). Ensure the position of the plug hole.

Tool required
Phillips Head Screw Driver
(Not Provided)

Step 4:

Attach board 7 from step 1 onto board 3 with part j and k by a screwdriver and then all finish.

ATTENTION.
DO NOT TIGHTEN THE SCREWS FULLY DURING ASSEMBLY.
FULLY TIGHTEN SCREWS AFTER THE FINAL ASSEMBLY STEP.

Tool required
Phillips Head Screw Driver
(Not Provided)

Step 5

At last, attach the wall fixings onto the wall with part s&q&d.

Warning:

- › It is strongly recommended that this product is permanently fixed to the wall.
- › Please seek professional advice if you are in doubt of what fixing device to use.
- › Regularly check that anchors are securely maintained
- › Use safety drawer locks to prevent children climbing
- › Stability of tall items may be affected by thick pile carpet or uneven floors
- › Do not place unanchored televisions on furniture (If applicable)

Caution: for your safety when attaching the anchor fixings, please note the following: Check any electrical wires or plumbing inside the wall before drilling any holes (if you are unsure please seek professional advice from a qualified tradesperson).
