

# SUPER LOOP SLOT CAR SET

## INSTRUCTIONS

5+

### 1. Assembly Instructions

A. Assemble the track set as shown in Diagram 02. Make sure to use correct components as shown in Diagram 01. Do not join the tracks together if the joints are bent or distorted. Use track to adjust any distorted joints as shown in Diagram 04.  
 B. Use component "C" to connect each track, see Diagram 03. (No need to assemble component "C" in the middle of track, see Diagram 02).  
 C. Affix the brace to the side of tracks as shown in Diagram 05.  
 D. Assemble component "A" to the track as shown in Diagram 06.

Diagram 08

### 3. How To Play

Diagram 09

a. Assemble hand controller as shown in Diagram 09.  
 b. Connect to open battery set and insert 4 x 1.5V AA batteries as shown in Diagram 09.  
 c. Charge the battery set.  
 d. Place vehicle on the track and press the hand controller to start your race. Make sure the vehicle runs in correct direction of the lap counter.

Performance tip: Use hand controller to control vehicle speed. Press the hand controller firmly, the vehicle speed will go faster, when the hand controller speed will slow down. The vehicle may roll off track if speed is too fast / slow.

### 4. Cautions

Diagram 10

Diagram 11

Diagram 12

a. Make sure the wheels and tires are installed correctly on vehicle as shown in Diagram 10.  
 b. Use your hand to adjust the metal brush as shown in Diagram 11.  
 c. Clean the gaps and then use a dry cloth to wipe through it. The surface of the tracks. Make sure the brushes are kept clean and in the correct position, see Diagram 12.
