Bluetooth Pairing
› Press and hold the Power button until the LED indicator flashes rapidly, indicating it is ready to pair with a Bluetooth device.
› In the Bluetooth menu on your device, search for "KM43147731" and connect. Type Password "0000" or "1234" if password is requested.
› Once the Speaker is successfully paired and connected, the indicator will remain on and you can now play music through the speaker. When playing music, the indicator will flash slowly.

AUX Function
› Use a 3.5mm audio cable to connect your device through the AUX IN port. Choose the music from your media device and play.

TF Card Play
› Insert a TF Card into the TF Card slot, the speaker will play music automatically from the TF card.

Receiving and Ending Calls
› When there is an incoming call, the unit will pause the playback and ring to alert you of the call. To answer/hang up the call, press the Play/Pause button. To reject the call, press and hold the Play/Pause button.

TWS Pairing
› Two speakers of the same model can be coupled to make a TWS pair, double press the Power ON/OFF button of either speaker and you will hear a prompt sound once paired successfully. Then connect the speakers to a Bluetooth device and enjoy the music.

Charging
› This Speaker is powered by a rechargeable Li-ion battery. Please use provided micro USB cable for charging. Plug the micro USB end to the unit and the other USB A end into a PC USB port, wall charger or other 5V charging devices.

IPX5
› Guarantees impermeable protection against rain, snow and spills, preventing water from reaching internal components. If the product is used outdoors or where it will be splashed, the silicon cover must be closed.
