# UV/LED GEL NAIL LAMP

## Instruction Manual

Includes:

- UV/LED Nail Lamp
- USB Cable

### Warning:

1. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
2. Children should be supervised to ensure that they do not play with the appliance.
3. The device must be powered by USB power output rated at 5V 1A.
4. When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is switched off.

K: 43328888 | T: 68729004 Model No.: 205101

5. For additional protection, the installation of a residual current device (RCD) having a rated residual operating current not exceeding 30 mA is advisable in the electrical circuit supplying the bathroom. Ask your installer for advice.
6. Do not use this appliance near bathtubs, showers, basins or other vessels containing water.
7. Use a dry microfiber cloth to clean the light.
8. Operate and store carefully to ensure the product does not incur damage by being dropped.
9. Do not leave the product in excessive heat or high temperatures as it can cause the product to malfunction.
10. The LED light is non-replaceable.
11. For indoor use only.

### Directions:

1. Connect the provided USB cable to the UV/LED Nail Lamp.
2. Plug the USB cable into a compatible USB port.
3. To turn on the device, press the power button. The default timer is set for 90 seconds.
4. To extend the timer to 180 seconds, press and hold the power button for two seconds.
5. To switch off the device, press the power button once.
