

Adjustable Cup Holder

keycode: 43357192

Feature:

- The base cup holder holds most regular sized cups and bottles.
- The 360-degree rotating top is expandable and adjustable to hold larger size cups and bottles.
- If there is a gap between the installed position and the cup frame base, cushioning sponge pad should be used for filling. It can reduce vibration and stabilize the cup holder.

How to use:

1. Find the buffer sponge pads to fill the gap.

2. Apply the sponge pads at the bottom of the cup holder.

3. Insert the 2-in-1 cup holder into the holder firmly.

4. Extend the upper cup holder slot to hold a large cup.

WARNING: Keep away from children.
