1

Attach the plunger to the handle,
then lower it into the tank.

2

Insert the ice cream
maker into the base.

3

Push the stencil through the
bottom of the tank and secure it.

**Create all kinds
of sweet treats!**

4

Fill the tank with dough,
then place a cone or
cup underneath it.

5

Push down on the handle and
press the dough out.
Just like a soft-serve twist!

6

To clean the machine,
allow the dough to dry,
then scrape it away or vacuum.
