WARNING!

Read and follow all instructions before using this baby carrier. This carrier is designed for adults while walking only. Use carrier for children weighing from 7kg up to 20kg. For children with medical conditions, please seek medical advice from a health professional before using this product. Children can slip through the leg openings. Never release baby until the baby carrier is completely attached and secured. Ensure baby is properly positioned with legs straddling the baby carrier and both arms extended through the armholes. Ensure all connectors, buckles and fasteners are secured. Pull all straps snugly around your body. Child must be able to sit upright unassisted to use the backpack position. Child must face inward, toward the caregiver in the backpack position. Child must face toward you at all times. Ensure sufficient space around childs face to provide a clear source of air. Your balance may be adversely affected by your movement and that of your child. Take care when bending or leaning forward or sideways. This carrier is not suitable for use during sporting activities. Keep the baby and user away from heat sources and hot drinks. When using the soft carrier, monitor your child. Stop using the carrier if parts are missing or damaged.

FRONT CARRYING POSITION

Warning: Do not place baby facing outward. Always place baby facing inward toward the caregiver.

Step 1:

Secure baby carrier to your body without your baby by firstly wrapping the waist band (8) around your waist and securing the waist band buckle (6). Ensure it is fitted snugly by pulling on the waist band (8).

Step 2:

Whilst securely holding your baby with one hand, place the baby on your torso facing toward you and pull one shoulder strap (4) over your shoulder. Swap hands and pull up the second shoulder strap (4) over your other shoulder. Adjust the baby's sitting position so that it is sitting comfortably in the carrier.

Step 3:

Connect the chest strap buckle (5) to secure your child in the carrier. Tighten the strap until snug. Check baby's head is well supported. Ensure sufficient space around the child's face to provide a clear source of air.

Note: If using the integrated head support (1), secure the adjustable head support straps (3) to the shoulder straps (4), and adjust the head support to comfortably fit your baby's head.

BACKPACK CARRYING POSITION

Warning: Child must be able to sit upright unassisted to use the backpack position. Always place baby facing inward toward the caregiver.

Step 1:

Secure baby carrier to your body without your baby by firstly wrapping the waist band (8) around your waist and securing the waist band buckle (6). Ensure it is fitted snugly by pulling on the waist band (8).

Step 2:

With the help of a second person, place the baby on your back facing toward you and pull one shoulder strap (4) over your shoulder. Your helper can pull up the second shoulder strap (4) over your other shoulder. Adjust the baby's sitting position so that it is sitting comfortably in the carrier.

Step 3:

Connect the chest strap buckle (5) to secure your child in the carrier. Tighten the strap until snug. Ensure baby is sitting comfortably. Ensure sufficient space around the child's face to provide a clear source of air.

REMOVING THE BABY FROM CARRIER

REMOVING THE BABY FROM FRONT CARRYING POSITION:

It is recommended that you remove your baby from baby carrier while you are sitting.

Step 1:

Hold your baby safely with one hand. Using your free hand, release the chest strap buckle (5) and slip off one shoulder strap (4) at a time. At all times, ensure your baby is held safely in your arms.

Step 2:

Remove the baby from the baby carrier then release the waist band buckle (6).

REMOVING THE BABY FROM BACKPACK POSITION:

Step 1:

With the help of a second person holding your baby, release the chest strap buckle (5) and slip off one shoulder strap (4) at a time. At all times, ensure your baby is held safely by your helper.

Step 2:

Your helper may remove the baby from the baby carrier and you may then release the waist band buckle (6).

CARE AND MAINTENANCE

Hand wash or gentle machine wash with mild detergent in cold water. Do not bleach. Do not tumble dry. Do not iron. Do not dryclean⌘. Dry thoroughly before reuse or storage.

To extend the life and integrity of the baby carrier, we recommend that regular care be limited to spot cleaning with a damp cloth.

STORAGE

This baby carrier converts to a self-storing bag. Fold the carrier into the self-storing pocket and zip closed.

When not in use, ensure that the carrier is completely dry. Store away from direct sunlight or any other heat sources.
