Place the dark brown character on the toast and press it slightly to fix it in place.

Use the clay tool to create a texture on the surface of the light brown clay. The toast is temporarily finished.

How To Make A Polymer Clay Doughnut

Take some light brown clay and roll the clay into a ball with

0

Use the tool to make a hole in the middle of the ball, and then use your hands to shape the doughout base. The size should be ground 5cm x 5cm

Take some light pink clay and roll into a ball with your hands. Use the roller to roll out a clay slab to a thickness of around 3mm. Then use the clay tool to cut a shape for the icing as shown.

Take a little bit of pink and black clay, roll each calour into 2 balls with your hands and then latten them with your finger. The black strip should be very To make the sprinkles, take some black, blue, yellaw, green, purple and orange clay, roll each colour into a string-like strip. The black strip should be very thin and cut short to make the mouth. Cut the purple strip into 4 short pieces. Cut the remaining clay 8 strips into 3 short pieces.

Place 2 black eyes, 1 mouth, 2 cheek and the sprinkles on the doughnut as shown and press them slightly to secure them into their positions. The doughnut is temporarily finished. top of the light brown doughnut base and press them slightly to fix them in

How To Bake Polymer Clay Figurines

Preheat the oven to 140°Celsius for 10 minutes. Place the figurines on an oven tray lined with boking paper. Boke for 15 minutes. Baking time may vory depending on the clay thickness and oven. Carefully remove from the oven using an oven mitt and allow to cool before touching.

When the figurines are ready, peel off the backing paper from the magnets and secure the magnet firmly to the centre or top of the figurines. The foodie magnets are complete.
