

### BASIC CROCHET STITCH DIAGRAM 1. Stitch (Abbreviated 'st')

**Stitch**

Every piece of crochet chain starts with a slip knot. Loop the yarn around two fingers (leaving a tail) and pull the tail halfway through the loop. Insert the crochet hook into the second loop and gently pull the loop out onto the crochet hook.

### 2. Chain Stitch (Abbreviated 'ch')

The chain stitch is the basis for all crochet which is also called a foundation chain.

### 3. Slip Stitch (Abbreviated 'sl st')

This is the most common type of all crochet stitches. You can use this stitch by slip-stitching the ends of a foundation chain to form a ring.

### 4. Single Crochet (Abbreviated 'sc')

The single crochet is the most fundamental of all stitches. Gather the yarn with your crochet hook and draw up the loop through the stitch. Wrap the yarn around the hook and pull it through two loops, leaving one loop on the hook.

### 5. Increase (Abbreviated 'inc')

You can increase stitches by adding a stitch at the beginning of the row. For example, make 2 in the same knot.

### 6. Decrease (Abbreviated 'dec')

You can decrease stitches, which is really just subtracting a stitch, in a row. Make a half sc, at which point there are 2 loops in the hook. Then crochet a half sc in the next knot, at which point there are 3 loops in the hook, and finally wind the yarn through all 3 loops to finish a dec.

### 7. Double Crochet (Abbreviated 'dc')

The double crochet is one of the most common crochet stitches and is about twice as tall as a single crochet. Wrap the yarn around the crochet hook. Then insert the crochet hook into the next stitch loop. Wrap the yarn with your crochet hook and pull the loop through the stitch (three loops now on the hook). Wrap the yarn around the hook again and pull it through the first two loops, leaving two loops on the hook. Then wrap the yarn around the hook again and bring it through the remaining two loops to leave only one loop on the hook. Complete the row.

### 8. Half Double Crochet (Abbreviated 'hdc')

Wrap the yarn around the hook then insert the hook into the next stitch. Wrap the yarn around the hook and pull through all loops.

### 9. Round (Abbreviated 'Rd')

This continues the chain stitches into a circle. Each round starts with ch and ends with sl st.

### 10. Sewing

Generally used for the connection of 2 parts. The plastic needle strip yarns are threaded in turn through the knots where the two parts need to be connected.

If details need to be stitched onto the finished product (such as mouth, eyes, etc.) Use the plastic needle and thread to create small stitches to represent facial features etc.

### 11. Fasten Off (Abbreviated 'F/O')

Fasten off by pulling the yarn through the end stitch and pulling it taut. Cut off.

### 12. Weaving In/Visible Close

Cut the yarn, leaving a long yarn end. Draw the end through the final loop on the hook and thread it onto a yarn needle. Weave your needle through the front loops only on the last round and pull tight. Weave remaining yarn into your piece.

Please noted that all yarns needs to be hidden behind the stitch.

### 14. Magic Ring

A circular chain of adjustable starting round used for crochet amigurumi patterns, granny squares and other patterns that work in crochet rounds. Form a loop with your yarn. You will need to loop the yarn around your fingers. Insert the hook through the loop. Slide the crochet hook under right piece of yarn from right to left so the hook tip grab onto to left yarn. Pull the right loop through the left loop to close the ring. Pull the first row off stitches into the ring. For example, make 6 sc. Pull up ends. Hold the working end of the yarn out while gently pulling down on the tail end. As you do this, the stitches should close together at the center, completing your magic ring. Finally, slip stitch into the first stitch. To close this round and start the remainder of your pattern, make a slip stitch onto the first stitch of your ring and proceed to the next round.
