HOW TO PLAY

QUOTE
SHOWS HERE

**PULL UP
TO REVEAL
EACH CLUE**

1 Begin by shuffling all the cards. Place half of them back in the box, with the remaining half set aside for later. Ensure all the cards are positioned with the quotes facing forward. Align the cards with the window as shown in the example image above.

2 Split into two teams. Team One will consist of the youngest player and will go first.

3 During your turn, you can only guess the title of the song and artist once. If you guess correctly from the quote visible through the box window, you earn the maximum of 5 points. However, if you guess incorrectly at any point, you score zero points. If you don't recognise the quote, you can ask for a hint. The opposite team will pull the card upwards to reveal the first clue, as shown in the example image above right.

4 Each hint reduces the maximum score by 1 point. For example, if you receive 1 clue, the maximum score drops to 4 points. If all 4 clues are revealed, the maximum score is reduced to 1 point. The answer is printed on the back of the card and is revealed by the opposite team after you've made your final guess.

HOW TO WIN

Continue playing until one team reaches 50 points or more. That team will be crowned the real Lyrical genius!
