Steam Hair Straightener
CS-228
User Manual

PLEASE READ AND SAVE THESE
INSTRUCTIONS FOR FUTURE REFERENCE

IMPORTANT SAFEGUARD

Please read this instruction manual before using your product and keep it in a safe place for future reference. If you pass the appliance on to anyone else, please include this manual.

INTRODUCTION

- Use this appliance on human hair only. Do not use this appliance on artificial hair or animals.
- **IMPORTANT!** The appliance may have different results depending on the hair type. Therefore, we recommend to trial at a hidden area of hair before first use. The hair straightener is not recommended for damaged or bleached hair.

SAFETY PRECAUTIONS

- Carefully read all instructions before operation and retain for future reference.
- Do not place near the edge of a bench or table during operation.
- Ensure the surface is dry, level, clean and free of liquid and other substances.
- **Do not leave the appliance unattended when in use.** Always ensure the appliance is turned OFF by switching OFF and disconnecting the appliance from mains power when not in use, if left unattended and before cleaning and storing.
- Always keep the appliance clean.
- Fully unwind the cord before use.
- To protect against electric shock, do not immerse the power cord, plug or appliance in water or any other liquid.
- Do not allow the cord to hang over the edge of the table or bench, touch hot surfaces or become knotted.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with this appliance.
- If the supply cord is damaged, DO NOT use. For electrical safety, any repairs to the product must be carried out by qualified electrical person only or the product must be disposed to avoid hazard.
- This product is intended for household use only. Do not use it outdoors or use for commercial purposes.
- NEVER grasp the appliance, power cable or power plug with wet hands.
- Always remove the power cable from the socket by pulling on the plug, do not pull on the cable itself. Do not carry or lift the appliance with the power cord.
- Do not fold or crush the power cable. Ensure that the power cable does not run over sharp edges.
- Burn hazard. Keep the appliance out of reach from young children, particularly during use and when cooling down.
- Always place the appliance with the stand, if any, on a heat-resistant, stable flat surface.
- Please do not attempt to dismantle the appliance. This appliance has no user- serviceable

parts inside.

- When the appliance is used in a bathroom, disconnect from the mains power after use. Since the proximity of water presents a hazard even when the appliance is switched OFF.
- Do not use it outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- For additional protection, the installation of a residual current device (RCD/ Safety switch) having a rated residual operating current not exceeding 30mA is advisable in the electrical circuit supplying the bathroom. If unsure, check with your electrician.

DANGER OF ELECTRIC SHOCK! Do not insert any foreign objects into the appliance.

- Do not use any accessories not supplied with this product.
- The appliance is not intended to be operated by means of an external timer or separate remote control system.
- Always keep the hair away from the air inlet of the appliance. Hair may be sucked into the air inlet of the appliance causing a blockage.
- Never cover or block the air inlet of the appliance. This may lead to overheating. If the grille becomes blocked, stop using the appliance immediately and clear the blockage.
- For cleaning, please refer to section "CLEANING AND MAINTENANCE".

RISK OF FIRE

- Do not leave the appliance unattended when in use.
- To avoid a build-up of heat, NEVER cover the appliance. Do not use the appliance under a blanket or at other poorly ventilated locations.
- Avoid the addition of heat from other sources, e.g. from direct sunlight, heating appliances, other devices, etc.
- Do not use an extension cable. In the event of danger, the power plug must be quickly and easily accessible.

ELECTRICAL REQUIREMENT

- Check that the voltage on the rating plate of your appliance corresponds with your house electricity supply which must be 220V-240V AC.

IMPORTANT

- The plug removed from the mains lead, if severed, must be destroyed as a plug with bared flexible cord is hazardous if engaged into a live socket.
- If the supply cord is damaged, DO NOT use. Any repairs to the product must be carried out by qualified electrician only or the product must be disposed of.

Danger of suffocation! Keep all packaging material away from children. Dispose of the packaging materials in an appropriate way. Contact your local authorities about collection points or waste separation.

Caution Risk of Burning! The appliance gets very hot!

Take care to avoid contact between the hot surfaces of the unit and the skin, paying particular attention to the face, neck and hands.

WARNING: Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

Class II Appliance

- The hair straightener is for household use only.

SAVE THESE INSTRUCTIONS

FOR FUTURE REFERENCE

INTRODUCTION

Use this appliance to straighten human hair only. Do not use this appliance on artificial hair or animals. The appliance may have different results depending on the hair type.

Therefore, we recommend doing a trial at a hidden spot before first use. The hair straightener is not recommended for damaged or bleached hair and may not be suitable for hair coloured with some hair colours.

PARTS

- | | |
|-------------------------------|----------------------------|
| 1. Down side | 2. Comb |
| 3. Heating plate | 4. Steam outlet |
| 5. Digital display | 6. Steam button |
| 7. Temperature UP button | 8. Temperature DOWN button |
| 9. ON/OFF button | 10. Plate lock |
| 11. Water tank release button | 12. Water tank |
| 13. Bottle | |

BEFORE FIRST USE

- After unpacking the appliance, check for transport damage and that all the parts mentioned in this manual are present. In the event of damaged or missing parts, return the product back to place of purchase for replacement.
- Do not discard the original box. It can be used for storage and dispatch to avoid transport damage.
- Clean the appliance as described in CLEANING AND MAINTENANCE. For your safety make particular attention to the IMPORTANT SAFEGUARD supplied in the user manual.

OPERATION

WARNING! DO NOT touch the hot heating plates. Always use the handle to hold the hair straightener.

ATTENTION! The heating plates cool down slower than they heat up.

- Pull the water tank release button to detach the water tank.
- Use the given bottle to fill the water tank, use purified water. Install the water tank on the hair straightener after filling.
- Unlock the heat plates, fully unwind the supply cord.

- Pull the comb out along the slot if you don't need it.
- Place the appliance on a smooth, flat, dry and heat-resistant surface.
- Connect the power cord plug into a mains power outlet socket, "OFF" flashes and the appliance is in standby mode.
- Press and hold the ON/OFF button to turn ON the appliance, the temperature setting displays with 2 beeps.
- Press "+" / "-" button to adjust temperature (140°C, 160°C, 180°C, 200°C, 220°C). The appliance starts to heat up until it reaches the set temperature. Temperature of the heating plates shows on the display.

ATTENTION! The heating plates heat up very fast. It takes approx. 3 minutes to each max. temperature.

- Press the STEAM button and symbol  shows on displays, this means steam function is activated. Press again the STEAM button to turn off steam function.
- To begin straightening hair, take a section no more than 4 to 5cm wide. Place the hair between the two flat plates near the scalp.

CAUTION! When using steam function, hot steam is released from the steam outlet. Keep your hand and scalp at a safe distance from steam. Be careful of hot steam when operating.

- Hold the plates tight for a couple of seconds and slide the straightener in even motion towards the end. For the best results, hold the hair while smoothing the section.

CAUTION! Do not hold the hair between the plates for more than a couple of seconds as this may damage/burn your hair.

- When you have finished one section, move to another area of hair and repeat the process. Allow the hair to cool before combing through.
- After use, press and hold the ON/OFF button until "OFF" flashes.
- Unplug the appliance from mains power and allow it to cool down.

CAUTION! Allow to cool down completely before storing.

CAUTION! Always unplug the appliance immediately after use in case of malfunction or before cleaning.

IMPORTANT! The appliance may provide different results depending on the hair type. Therefore, we recommend carrying out a trial on a hidden inconspicuous area of your hair before first use.

This hair straightener is not recommended for use on damaged or bleached hair and may not be suitable for hair coloured with some hair colours.

TIPS: The appliance has a memory function which can remember your last temperature setting.

CLEANING AND MAINTENANCE

- **Attention!** Switch OFF the appliance and disconnect the supply cord plug from the mains power outlet socket before cleaning.
- **Attention!** Do not use any alcohol, acetone, gasoline, abrasive cleaning agents etc. to clean the appliance and attachments. Do not use hard brushes or metal objects for cleaning.
- Risk of burning! Do not clean the appliance while it is still hot.
- Wipe the appliance with a dry cloth.

- Never submerge the appliance in water or let water run over the heating surface of the appliance.

STORAGE

- Store the appliance in a cool, dry location, away from children and pets.
- If the appliance is not used for an extended period, store it preferably in its original packaging.
- After use do not wrap the cord around the appliance as in time this may cause the cord to fracture. Coil cord loosely by the side of the appliance during storage.

DISPOSAL

Do not dispose of this product with normal household waste collection. If unsure, contact the local council waste management service for proper disposal facilities available for your area.

Voltage: 220-240V

Frequency: 50-60Hz

Power: 260W

12 Month Warranty

Thank you for your purchase.

Your new product is warranted to be free from defects in materials and workmanship for the period stated above, from the date of purchase, provided that the product is used in accordance with accompanying recommendations or instructions where provided. This warranty is in addition to your rights under the Australian Consumer Law.

For New Zealand customers, this warranty is in addition to statutory rights observed under New Zealand legislation.

We will provide you with your choice of a refund, repair (where possible) or exchange (availability dependent) for this product if it becomes defective within the warranty period. The business will bear the reasonable expense of claiming the warranty.

This warranty will no longer apply where the defect is a result of alteration, accident, misuse, abuse or neglect.

Please retain your receipt as proof of purchase and contact our Customer Service Centre as listed below, for the entity you purchased this product from, for any difficulties with your product. Warranty claims and claims for expense incurred in returning this product can be addressed to the respective Customer Service Centre.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
