WARNING:

1. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
2. Children should be supervised to ensure that they do not play with the appliance.
3. The appliance must only be supplied by AS/NZS 61558.2.16 certified SELV power supply with output 5V 1A.
4. When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is switched off.
5. For additional protection, the installation of a residual current device (RCD) having a rated residual operating current not exceeding 30 mA is advisable in the electrical circuit supplying the bathroom. Ask your installer for advice.
6. Do not use this appliance near bathtubs, showers, basins or other vessels containing water.
7. Use a dry microfiber cloth to clean the light.
8. Operate and store carefully to ensure the product does not incur damage by being dropped.

K: 43-641-253 I T: 71-812-151 Model No.: 200647

9. Do not leave the product in excessive heat or high temperatures as it can cause the product to malfunction.
10. The LED light is non-replaceable.
11. For indoor use only. This is not a toy. Keep away from children.
12. This product is not to be directly connected to the mains supply.
13. This product contains small magnets. Swallowed magnets can stick together across intestines causing serious injuries. Seek immediate medical attention if magnets are swallowed.

DIRECTIONS OF USE (Read carefully):

UV / LED NAIL LAMP INSTRUCTIONS:
1) Connect the provided USB cable to the UV/LED nail lamp.
2) Plug the USB cable into a compatible USB port.
3) To turn on the device, press the power button, the default timer is set for 35 seconds.
4) Use as many times as required until gel polish is dry.

GEL POLISH APPLICATION:
1) Clean and manicure your nails to your preferred shape and length.
2) Apply a thin layer of base coat and cure with an UV/LED lamp* (90s). Repeat if needed.
3) Apply a thin layer of colour gel and cure with an UV/LED lamp* (90s). Repeat if needed.
4) To achieve the desired look, apply an additional thin layer of colour gel and cure with an UV/LED lamp * (90s). Repeat if needed.
5) Apply top coat and cure with an UV/LED lamp * (180s or until it is fully cured/hardened). Repeat if needed.
6) Remove excess gel nail polish on hand with an alcohol wipe.
7) Apply cuticle oil to nourish your cuticle and nails if needed.

GEL POLISH REMOVAL:
1) File the nail surface with a nail file.
2) Soak the nails into acetone-based nail polish remover for about 5-10 minutes.
3) Gently remove the gel polish with a cuticle pusher.
* BEFORE CURING WITH UV/ LED LAMP, MAKE SURE TO REMOVE ALL EXCESS PRODUCT FROM SKIN AND CUTICLES. MAKE SURE THE GEL IS FULLY CURED/ HARDENED BEFORE APPLYING ADDITIONAL LAYER.

Cautions:

NOTICE: UV emitted from this product. Minimise exposure to eyes or skin. Use appropriate shielding.
This product emits ultraviolet (UV) radiation. Repeated exposure to UV light when combined with certain beauty, chemical or medicinal products may potentially result in photosensitivity leading to skin irritation, burns, or other adverse effects. If concerned seek medical advice prior to use.
