- Do not attempt to repair, disassemble, or modify the light by yourself to avoid accidents.
- The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
- Do not stare into the LED beam.
- This product is not suitable for household room illumination. Only used as decorative light.
- The product is intended to be used in moderate climates only. Do not use in tropical or very humid climates.
- Children must not use this product without adult supervision.
- Do not charge the product for long time. Plug off the charging cable after fully charged

⚠ CAUTION

- This light has a lithium battery. Do not place or store the light for long periods of time in a hot or humid environment. If you do not intend to use the light for a long time, store the light after is fully charged.
- Do not use while charging. (The charging indicator light is on during charging, which interferes with infrared motion sensor and cannot work properly)
- This light contains battery and LED lights that are non-replaceable.
- Ensure charging power used is compatible with a 5V DC SELV 1A, 5W rating.

Specifications:

- Charging Voltage / Current: 5V $\overline{\text{---}}$ / 1A 5W
- Type of Battery: 18650 Li-ion 3.7V 1200mAh
- Ta: 25°C

Assembly Instructions:

- 1) Before adhering light, clean the surface of the area you will be placing the lights on, and keep it smooth & dry. It is recommended to apply your light on the smooth wall or flat glass. It should not be placed on rough, textured or painted wall surfaces or any surfaces that can bend or move.
- 2) Peel off the film on one side of the double-sided tape and stick it on the back of the base. Then peel off the other side of the double-sided tape and stick the base to the surface of the smooth wall or flat glass, press it to make sure it firmly stick. Finally, attach the light to the base. You can detach LED light when recharging.
- 3) The lamp body and base can be separated and the body can be rotated slightly within 30 degree. Do not rotated too high angle, or it may fall down from the wall.
- 4) Only charge the lamp with the supplied USB cable.
