Tips

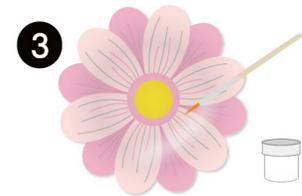

- › Handle ceramic items carefully, as they are delicate and can break.
- › Clean the ceramic pieces with a damp cloth before painting.
- › Allow each paint colour to dry before painting a new colour.

Begin painting the bowl with your desired paint colour. Follow the 'Guide Image' for colour reference.

Continue painting with the remaining colours, allowing each coat to dry before applying the next colour.

Once the paint is dry, apply 2-3 coats of the gloss varnish with a clean paint brush. Ensure each coat is completely dry before applying the next. Allow varnish to cure for 24 hours before handling.

Once the varnish is completely dry, the flower bowl is finished.
