## PYO Ceramic Cake Jar Instruction Manual

### Kit Includes

- › 1 × ceramic cake jar
- › 6 × acrylic paints
- › 1 × paint brush
- › 1 × gloss varnish

Guide Image

### Tips

- › Handle ceramic items carefully, as they are delicate and can break.
- › Clean the ceramic pieces with a damp cloth before painting.
- › Allow each paint colour to dry before painting with a new colour.

Begin painting the base with your chosen paint colour. Follow the guide image for colour reference.

Continue painting with the remaining colours, allowing each coat to dry before applying the next colour.

Once the paint is dry, apply 2-3 coats of gloss varnish using a new paint brush. Ensure each coat is completely dry before applying the next. Allow varnish to cure for 24 hours before handling.

Once the varnish is completely dry, the cake jar is finished.
