CAR

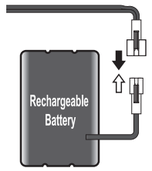

Figure 1

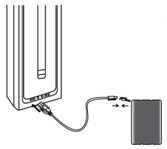

INCLUDES RECHARGEABLE BATTERY

HOW TO CHARGE:

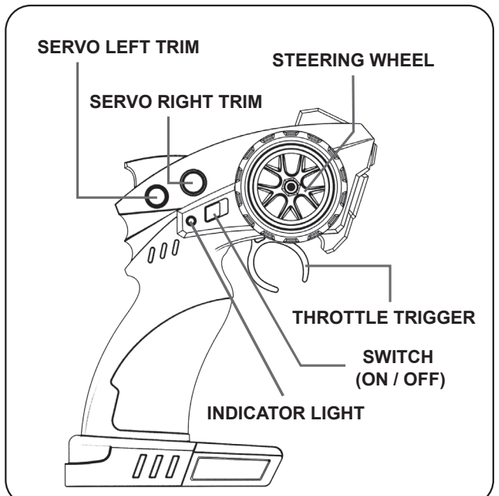

A. Loosen the screw to open battery cover.
B. Separate the rechargeable battery pack from connector.
C. Connect the USB charging cable with rechargeable battery first. (The battery connector will only fit in one way, do not force the connectors together), then plug the large end of the USB cable into a 5VD.C. 2A charger (not supplied) or USB port only. The LED light on the USB charging cable will light up when charging.
D. The LED light extinguishes after it has finished charging. Disconnect the USB charging cable from the USB port and then disconnect the rechargable battery with USB charging cable.

Attention: Do not charge battery immediately after each play. Let the battery cool down for a while.

Rechargeable battery pack
+USB charging cable (Included).

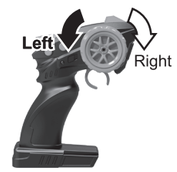

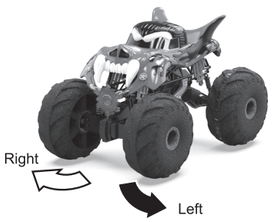

HOW TO USE:

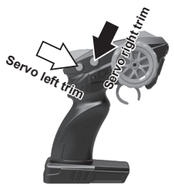

1. Turn on the vehicle first and then turn on the transmitter.
2. Pull the trigger of the transmitter to match the vehicle.
3. When the vehicle is functioning, that means they are matched.
4. If you have more than two vehicles, please pair one by one. When the second vehicle is pairing, please always keep the first vehicle and transmitter on.
5. Please turn off both the vehicle and transmitter and re-start all pairing processes if you are changing to play with another 2.4GHz transmitter.
6. How to move forwards or backwards:
   Pull the throttle trigger, the vehicle will move forwards.
   Push the throttle trigger, the vehicle will move backwards.
7. Turn left or right:
   Turn steering wheel clockwise, the vehicle will turn right.
   Turn steering wheel anticlockwise, the vehicle will turn left.
8. Trim Adjustment:
   Servo left trim - If the vehicle veers to the right while moving forwards, press the Servo Left Trim button until the vehicle runs straight.
   Servo right trim - If the vehicle veers to the left while moving forwards, press the Servo Right Trim button until the vehicle runs straight.
