INDOOR/OUTDOOR FAN

Product structure:

PRODUCT FEATURES:

1. Powerful brushless motor with lightweight PC fan blades for strong and efficient airflow.
2. Made from durable PP material with strong compression resistance, suitable for portable and outdoor use.
3. Stepless speed control allows smooth adjustment of fan speed to suit your needs.
4. Built-in three-mode LED light with free switching between brightness settings.
5. Equipped with a 4000mAh capacity rechargeable lithium battery.

INSTRUCTIONS FOR USE:

1. After unpacking, ensure all accessories are included and check that the product is in good condition before use.
2. Locate the stepless speed control switch and turn clockwise to power on the fan and adjust the airflow speed.
3. Turn off the power switch when the fan is not in use or while charging.
4. Use the LED light switch to select between the three available lighting modes.
5. Charge the product using the included Type-C charging cable. The battery is fully charged when the charging indicator stops flashing.

BASIC PARAMETER:

SPEED CONTROL	STEPLESS SPEED REGULATION
INPUT VOLTAGE	5V-2A
OUTPUT POWER	10W
LED POWER	0.5W-2W

SAFETY INSTRUCTIONS:

1. Recharge the product when the fan or LED light becomes weak or stops operating. If the product is not used for extended periods, recharge at least once every three months to maintain battery life.
2. Do not insert fingers or objects into the fan guard while the fan is operating. Children under 3 years of age must use this product under adult supervision.
3. Do not disassemble, modify, or remove the front or rear fan covers.
4. Keep the product away from fire, excessive heat, and wet environments.
5. Only use the supplied charging cable to charge this product.

CAUTION:

Charge the fan indoors only in a dry and well-ventilated area. Do not leave the product connected to power for extended periods or unattended while charging. Disconnect the charger once fully charged.
