Remove the protective film from the wax square, and stick wax on the tip of the applicator pen.

Pick up the gems with the point drill pen.

Apply glue to the surface of the stuffed ice cream.

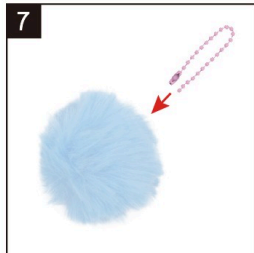

Brush the glue evenly on the surface, then wait for about 15-30 seconds.

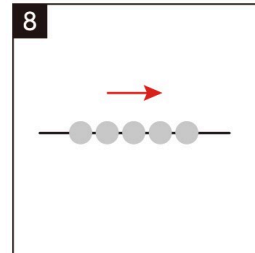

Place the gems on the stuffed ice cream in the correct colour coded position.

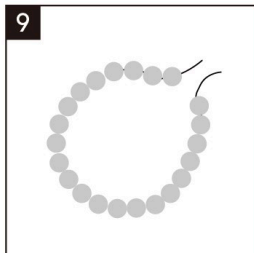

Place the gems by colour area. Only one side of the design needs to be decorated.

Thread the pom-pom onto the ball chain.

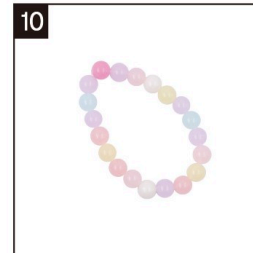

Thread the coloured beads you like onto the elastic.

Add decorations during the process of beading the bracelets.

After the bracelet has reached a suitable length, tie a knot.

Attach the three completed pendants to the keychain clip.

Completed!

Tips:

1. If the gem sticks to the applicator pen and can not be released, clean the pen tip with water.

2. If the glue on the brush tip dries, soak the bristles in warm water for approximately 30 minutes to help dissolve the residue. Then, gently comb the bristles with your fingers and rinse until clean.

3. Spread the glue in a thin, even layer.

The glue should not be thick or uneven.
