Guide Image

Tips

- › Allow each paint colour to dry before adding a new colour.
- › Do not wash. Spot clean only.

How To Paint A Tote Bag

1

Before you begin, place the paper inside the bag to prevent the paint bleeding through to the other side.

2

Begin painting your tote bag with your desired colours or use the guide image for colour direction.

3

Continue painting using the remaining colours, leaving paint to dry between each colour. Once the paint is dry, your bag is ready to use.
