MADE IN CHINA

Please check the waterproof rating of the floating devices before underwater.
Please read the instruction manual before use,
and retain it for future reference.

1. Safety Instruction

- 1) This product supports floating devices up to 200 grams. Heavier devices exceeds 200g may not float and will sink.
- 2) Rinse it with fresh water after use in saltwater.
- 3) The product comes with a wrist strap to prevent the tripod and the mounted device from slipping and getting lost underwater.
- 4) This device is not a toy. Children should be supervised to ensure they do not play with the device.
- 5) This product contains no user serviceable parts and do not attempt to repair the product yourself. Leave any servicing or repairs to qualified personnel only.
- 6) Always place the tripod on a flat and stable surface to prevent the mounted device from tipping over. When using outdoors, also be aware that extending the mount too high increases the risk of it falling. Be particularly careful when using in windy conditions.
- 7) Do not leave the product near heat sources such as furnaces or heaters, or inside vehicles on hot days.
