

Clip On Cat Bed

Contents:

A: plush pet nest x 1pc	B: support bracket x 1pc	C: high elevated support pole x 1pc	D: desk edge mounting clamp x 1pc	E: thick hex key x 1pc
F: thin hex key x 1pc	G: black screw x 2pcs	H: screw x 4pcs		

Assembly Instructions

Step 1.

Secure the desk edge mounting clamp (D) to the high elevated support pole (C) with screws (G x 2pcs), and tighten the screws with thick hex key (E). Refer to the images below:

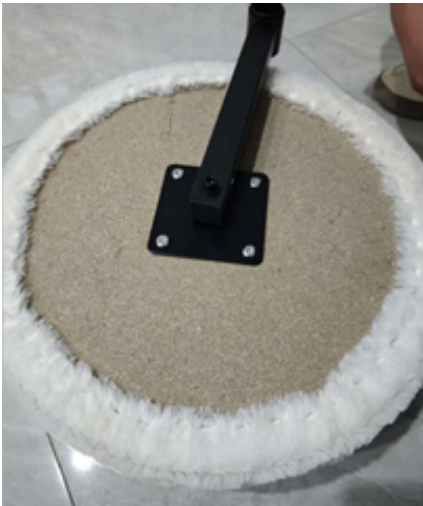

Step 2.

Secure the support bracket (B) to the plush pet nest (A) with screws (H x 4pcs), and tighten the screws with thin hex key (F). Refer to the images below:

Step 3.

Position the desk edge mounting clamp in step 1 on the edge of your desk, then turn the thumb screw anticlockwise to tighten the fixture until it securely grips both the top and bottom surfaces of the table edge. Refer to the images below:

Step 4.

Slide the support bracket in step 2 onto the upper end of the high elevated support pole, and secure it with the adjustment locking knob. Refer to the images below:

WARNING:

This clip-on cat bed is for pet use only.

Ensure the product is tightened and secure prior to letting your pet use it.

Only install on flat, solid and hard desk edges with a thickness of 2-8cm. Do not install on glass, fragile, curved or loose furniture edges to prevent falling off.

For your pet's safety, inspect regularly and re-secure the structure periodically, as the screws can be loose over time. Remove if damaged.

Maximum loading: 6kgs.
