Safety instruction</b></p> <p>1) Keep the unit out of reach of children. It is not a toy.<br/>2) The unit is not waterproof and is only suitable for indoor use.<br/>3) Do not place in the direct sunlight.<br/>4) Do not open the product housing.<br/>5) Do not insert any foreign objects into the inside of the housing.<br/>6) Do not immerse the unit in water or in other liquids.<br/>7) Do not mechanically hit, roll or throw the product, and do not place heavy objects on the product.</p> <div> <b>Battery Warnings</b></div> <p>1) Do not expose the product to any high temperatures over 60°C (like hair dryer, heating, prolonged sunlight etc.) The battery inside of the product may overheat and explode as a result.<br/>2) Do not crush or pierce the battery! Do not expose the battery to high pressure, as this may cause an internal short-circuit and overheating.<br/>3) This product contains batteries that are non-replaceable.<br/>4) The product and the battery must not be taken apart, thrown into fire, immersed in liquids or short circuited.<br/>5) Do not cover the product while charging the battery.<br/>6) Charge the product in a well-ventilated environment.<br/>7) Use only regulatory-compliant adapters for charging.</p> | <p><b>2. Package contents</b></p> <p>Fingerprint lock x1<br/>USB-A to USB-C charging cable x1<br/>Instruction manual x1</p> <p><b>3. Product specifications</b></p> <p>1) Storage capacity: 20 fingerprints<br/>2) Operating voltage: 3.3-4.2V<br/>3) Charging time: about 30 mins<br/>4) Battery capacity: 3.7V, 100mAh<br/>5) Emergency power interface: USB-C<br/>6) Charging cable length: 250mm<br/>7) Product weight: 26g</p> <p><b>4. Product overview</b></p> <div></div>                                              | <p><b>5. Before for use</b></p> <p>Note:</p> <p>&gt; Any fingerprint can unlock the door in the factory condition. ( indicator light ② shows blue)</p> <p>&gt; After post-production: other fingerprints can not unlock the door.</p> <p><b>5.1 Identify if fingerprints are successful</b></p> <p>Fingerprint verification was successful: The <b>green</b> light comes on for a second to unlock the door;<br/>Fingerprint verification failed: The <b>red</b> light flashes a little.</p> <p><b>5.2 Registration process</b></p> <p>Timeout during registration will exit and you will need to re-register after exiting ( <b>red</b> light blinks once means registration failed and you need to restart the registration).</p> <p><b>6. Instructions</b></p> <p><b>6.1 Two fingerprints need to be entered consecutively for the first time.</b></p> <p>A. Any finger long press until the <b>blue</b> light is always on then lift your finger;<br/>The lock will open if the device is locked. Do not release your finger until the <b>blue</b> light remains on.</p> <p>B. Start registering the first fingerprints;<br/>The finger is lifted and pressed ten times continuously until the <b>green</b> light comes on and then stops. This indicates that the first fingerprint is successfully enrolled.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | <p>C. After the <b>green</b> light turns on, replace the second finger to lift and press it ten times continuously, until the next <b>green</b> light comes on and stops. This indicates that the second fingerprint is successful registered.<br/>Note: When entering fingerprints, press once and lift your finger once, don't press it all the time. Move your fingers up and down, left and right, and avoid pressing the same part of the finger ten times.</p> <p><b>6.2 Add a new fingerprint</b></p> <p>A. You can choose to register new fingerprints, up to 20 fingerprints can be stored.</p> <p>B. Long press the registered finger to unlock until the <b>blue</b> light is on, then lift up your finger.</p> <p>C. Start to enter a new fingerprint, the finger is lifted and pressed ten times continuously until the <b>green</b> light is on and then stops. This indicates that the new fingerprint has been successfully registered.</p> <p><b>6.3 Restore factory settings</b></p> <p>All fingerprints are not recoverable after restoring factory settings (Re-fingerprinting required).</p> <p>A. Long press the registered finger to unlock until the <b>blue</b> light is on (long press, please do not lift).</p> <p>B. White light is on (long press please do not lift).</p> <p>C. Until the <b>red</b> light comes on (here can release your finger), and then the <b>green</b> light will flash for a moment. It means that all fingerprints have been cleared and the factory state is restored.</p> |
| <p><b>7. The setting and use of emergency unlock code</b></p> <p>Note:</p> <p>&gt; If no emergency unlock code has been set, the default code is 3-3 (e.g by pressing 3 times consecutively and another 3 times consecutively.) and if one has been set, then the default code is no longer valid.</p> <p>&gt; After restoring the factory status, the setup password is invalidated and becomes the default password.</p> <p>&gt; Timeout in emergency unlock code setting and use will exit and you will need to re-operate after exiting. The <b>red</b> light blinks once when the emergency unlock code is set to exceed the time limit, and once when the emergency unlock code issued to exceed the time limit. (This means you need to do it all over again.)</p> <p>&gt; Timeout during registration will exit and you will need to re-register after exiting ( <b>red</b> light blinks once means registration failed and you need to restart the registration).</p> <p><b>7.1 The emergency unlock setting</b></p> <p>A. Long press the registered finger to unlock until the <b>blue</b> light is on (long press, please do not lift), until the white light is on and then release;</p> <p>B. When released, the <b>green</b> light will turn on and the fingerprint will be counted once (e.g. 5 presses will be counted as 5), and the fingerprint will be counted once. Wait for the <b>blue</b> light to turn on after pressing the fingerprint for a set number of times;</p> | <p>C. When the <b>blue</b> light is on, press the set number of times (e.g. 6 presses is the number 6).<br/>Wait for the light to go out after the set number of presses.</p> <p>D. The number pressed by the <b>green</b> light and the number pressed by the <b>blue</b> light form a two-digit number (e.g. 5-6). These two digits are your password, please make sure to remember your password.</p> <p><b>7.2 The use of emergency unlock code</b></p> <p>A. When the fingerprint cannot unlock the door properly, press and hold with any fingerprint until the white light blinks and then release;</p> <p>B. When released, the <b>green</b> light comes on, press the previously set number of times (e.g. 5 times) and wait for the <b>blue</b> light to come on;</p> <p>C. Press a set number of times (e.g. 6 times) after the <b>blue</b> light comes on, then wait for the light to go out.</p> <p>D. If the <b>red</b> light blinks after the light goes out, the password is incorrect; if the <b>green</b> light blinks, the password is correct.</p> <p>E. The lock opens automatically when the code is correct and is restored to its factory state, requiring re-enrolment of the fingerprint.</p>                                                                                                                                                  | <p><b>8. Low power warning</b></p> <p>&gt; If the battery is low, the <b>green</b> light flashes when unlocking the door, then the <b>red</b> light blinks continuously for 5 seconds/the lock opens (indication of low battery).</p> <p>&gt; When the battery is severely low, the <b>red</b> light will flash continuously for 5 seconds and the lock will not open.</p> <p>&gt; When the battery is low, you can use the USB-C charging cable of this product to connect to a compatible power bank or a mobile charger whose output does not exceed 5V <math>\approx</math> 1A for external power supply.</p> | <p><b>12 Month Warranty:</b></p> <p>Thank you for your purchase.</p> <p>Your new product is warrantied to be free from defects in materials and workmanship for the period stated above, from the date of purchase, provided that the product is used in accordance with accompanying recommendations or instructions where provided. This warranty is in addition to your rights under the Australian Consumer Law. For New Zealand customers, this warranty is in addition to statutory rights observed under New Zealand legislation.</p> <p>We will provide you with your choice of a refund, repair (where possible) or exchange (availability dependent) for this product if it becomes defective within the warranty period. The business will bear the reasonable expense of claiming the warranty. This warranty will no longer apply where the defect is a result of alteration, accident, misuse, abuse or neglect.</p> <p>Please retain your receipt as proof of purchase and contact our Customer Service Centre as listed below, for the entity you purchased this product from, for any difficulties with your product. Warranty claims and claims for expense incurred in returning this product can be addressed to the respective Customer Service Centre.</p> <p>Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.</p> <div><p>MADE IN CHINA</p><p>CUSTOMER SERVICE:</p><p>KMART AU: 1800 124 125<br/>KMART NZ: 0800 945 995<br/>TARGET AU: 1300 753 567</p><div></div></div> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
