› 1x Charging Case
› 1x USB A-C Cable
› 1x Instruction Manual

K: 43722365 | T: 72471913
Model: JLR-82235

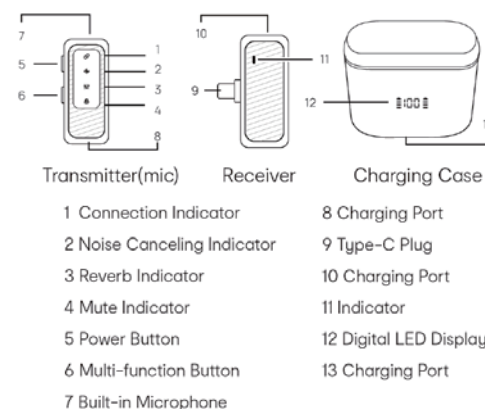

Important Safety Information

1. replacement of a battery with an incorrect type that can defeat a safeguard (for example, in the case of some lithium battery types);
2. disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion;
3. leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas; and
4. a battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
5. This product contains a rechargeable lithium-ion battery (non-re-placeable).
6. Do not leave the device connected to the charger for extended periods.
7. Avoid exposing the device to high temperatures or direct sunlight for prolonged periods.
8. Do not allow the battery to fully discharge before recharging.
9. Do not disassemble, crush, puncture, or modify the battery or device.
10. Handle with care and avoid strong impacts or dropping.
11. Do not charge the device unattended.
12. Ensure the product is powered OFF before connecting or disconnecting the charger.
13. Use a certified 5V / 1A USB power adapter (not included) that complies with local safety standards.

Product Specifications:

Input Rating: 5V – 1A
Frequency Response: 20Hz – 20KHz
Signal-to-noise Ratio: 75dB
Sensitivity: –36dB ± 3dB
Charging time: Approx. 2 hours
Play time up to 8 hours
Support Noise-canceling/ Reverb/ In-ear Monitoring/ Mute/ On Speaker Mode
Working distance: 20M (no obstacles)
Built in nonremovable and rechargeable battery:
Microphone: 100mAh
Charging Case: 500mAh

Product diagram

How to Use Connect the receiver

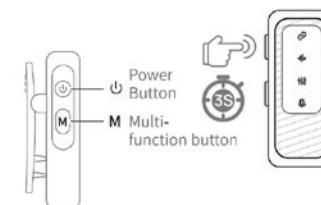

Plug the receiver into the smartphone's port as below picture showing.

Note: If the smartphone's battery is low, it can charge the smartphone through the receiver's charging port. The smartphone and adaptor are not included.

Switch on the transmitter

Press the power button for 3 seconds, and the transmitter will automatically pair with the receiver after powering on.

80 mm

Record

Wear the transmitter properly and star to record.

Note: The windshields can also be worn on the microphone

Solid green	Transmitter and receiver paired successfully

Charge the Product

1. Before first use, please fully charge the device.
2. Use a certified 5V/1A USB power adaptor (not included). Only use the supplied charging cable.
3. Regularly charge the device (at least once a month) to maintain battery life. Prolonged storage at low charge may reduce battery performance.
4. The fonts on the display screen is on and blinking during charging; and will not blink after fully charged.

Trouble shooting

Can't record after connected	Check the indicators status of transmitter and receiver. Charge the transmitter if it is low power.
Can't record for the phone's own camera app	Some smartphones' system prevents the mic from getting audio permissions due to severe restrictions. If this happens, please contact the smartphone manufacturer. Try other apps instead. This product is compatible with most apps.

What is in-ear monitoring? How to use it?

This function allows you to monitor the sound captured by the microphone in real time through headphones.
Turn on the microphone and connect a compatible Type-C in-ear monitoring headphone to the mic's charging port to hear the audio.
(Note: A professional Type-C monitoring headphone is required and is not included)

12 Month Warranty

Thank you for your purchase.

Your new product is warrantied to be free from defects in materials and workmanship for the period stated above, from the date of purchase, provided that the product is used in accordance with accompanying recommendations or instructions where provided. This warranty is in addition to your rights under the Australian Consumer Law. For New Zealand customers, this warranty is in addition to statutory rights observed under New Zealand legislation.

We will provide you with your choice of a refund, repair (where possible) or exchange (availability dependent) for this product if it becomes defective within the warranty period. The business will bear the reasonable expense of claiming the warranty. This warranty will no longer apply where the defect is a result of alteration, accident, misuse, abuse or neglect.

Please retain your receipt as proof of purchase and contact our Customer Service Centre as listed below, for the entity you purchased this product from, for any difficulties with your product. Warranty claims and claims for expense incurred in returning this product can be addressed to the respective Customer Service Centre.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage.
You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
