Air Purifier
Model: KJ120GE-C1E7
User Manual

PLEASE READ AND SAVE THESE
INSTRUCTIONS FOR FUTURE REFERENCE

IMPORTANT SAFETY INSTRUCTIONS:

When using electrical appliance. Basic safety precautions should always be followed including the following:

READ ALL INSTRUCTIONS BEFORE USE

- All components need to be installed in accordance with the user manual for correct performance of the unit.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- A unit should never be left unattended while plugged in.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instructions concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.
- If the supply cord is damaged, **DO NOT** use. For electrical safety, any repairs to the product should only be carried out by a qualified electrician only to avoid a hazard.
- Do not use appliance for other than intended use.
- For electrical safety, do not attempt to adjust or repair the unit. Servicing must be performed by a qualified electrical person only.
- **DO NOT** use outdoors. For indoor use only.
- Keep the rear air inlet and outlet free from blockages from clothing, plastic bags, paper or similar material. Proper air flow is required for the unit to operate efficiently.
- Place unit on a flat location at least 30cm away from wall or other appliances.
- Keep the unit away from fire, flammable gas, combustible products or vapours and corrosive substances.
- **DO NOT** operate the unit in bathrooms or other humid environments.
- **DO NOT** operate where aerosol (spray) products are being used, or where oxygen is being administered.
- Do not operate the unit without filters.
- Do not operate the product in any greasy environment, such as in the kitchen. This product is not intended to filter oil or grease from the air.
- Electrical supply must be disconnected prior to cleaning or other maintenance.
- **NEVER** drop or insert any object into any opening.
- **DO NOT** carry this unit by the power cord or use the power cord as a handle.
- For cleaning, please refer to "CLEANING AND MAINTENANCE" section.

CAUTION: The product is only to be used with the power adaptor provided with appliance.

CAUTION

- Never cover the unit while it is operating.
- Always keep the Power adaptor and its cord away from high temperatures and fire.
- Stop using this unit if there is an unusual noise or smell.
- Unplug this unit when not in use for a long period of time.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Arrange cord away from traffic areas and where it will not be tripped over.

**FOR HOUSEHOLD USE ONLY
READ AND SAVE THESE INSTRUCTIONS**

FEAUTURES

3-Stage purification process

The 3-layer filter contains a Pre-filter mesh, HEPA filter and Activated carbon filter.

- The Pre-filter mesh traps larger particles such as dust, pet hair and large-sized allergens.
- The HEPA filter (Grade H13) removes 99.9% of particles as small as 0.3 microns and greater from the air. It is capable to remove smoke, dust, pollen, pet dander and mould spores in the air.
- The Activated carbon filter absorbs common household odours, cigarette odours and smoke.

Fan speed options

Press the Speed button to select the fan speed.

Allow selection for desired speed setting: Low, Medium and High

Default setting at Low speed.

Sleep mode

In sleep mode, the unit operates quietly at low speed. The SLEEP indicator is dimmed and all other indicators are off.

Filter Change indicator

RED indicator will flash indicating that the filter needs to be replaced.

To reset the indicator after the filter has been replaced, press and hold the Filter change button for 3 seconds.

Timer Setting

Programmable timer to turn off the unit after a pre-set amount of time.

Press the Timer button to program the timer at 1hr, 2hr, 4hr and 8hr.

Night light button

Press the Night light button to turn on the light ring at bottom.

IMPORTANT! Do not allow children to play with the air purifier.

PARTS

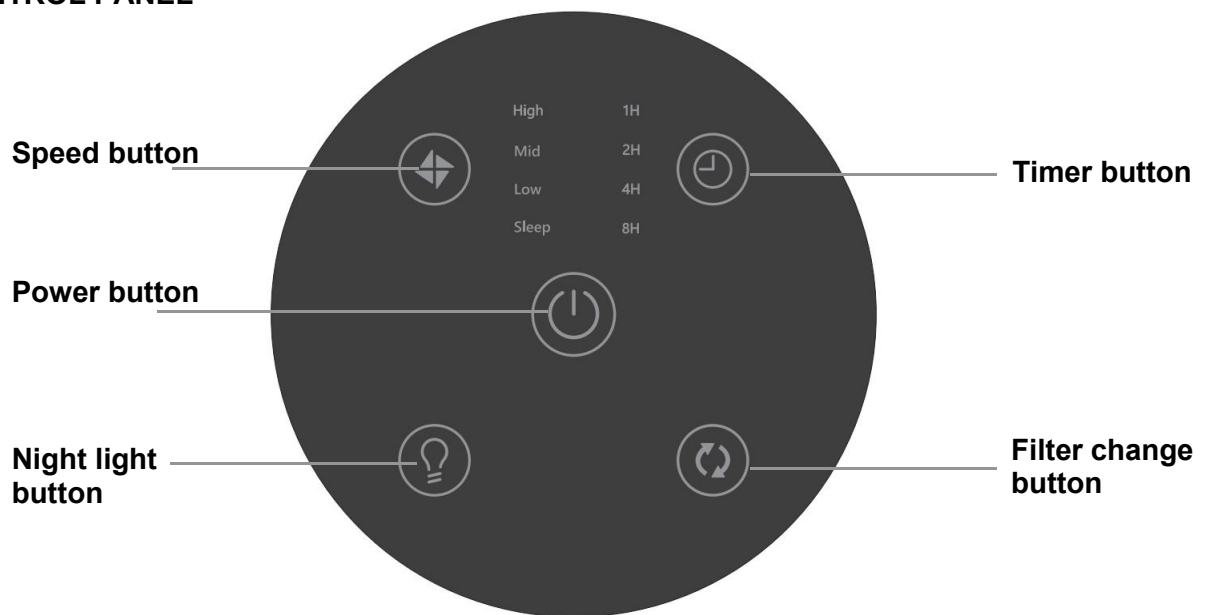

Filter system

2. HEPA filter
3. Pre-filter mesh

CONTROL PANEL

HOW TO USE

IMPORTANT!

The Air Purifier must only be supplied at Safety Extra Low Voltage “SELV”.
Only use with Power supply Model: IVP1200-1000WS

- Insert the Power Supply into the power socket outlet and switch it on.
- The Power button will illuminate RED indicating power is supplied.

IMPORTANT! Before first use, twist open the filter cover, unwrap the filter set before installing in the unit.

IMPORTANT! After placing the filter, ensure the filter cover is locked into place properly, or the unit will not turn on.

1. Plug unit in to a 220-240V AC electrical outlet. The Power button illuminate RED to show the unit is in standby mode.
2. Press the Power button to turn on the unit.
3. The air purifier default setting is at Low speed.
4. To select speed, press Speed button repeatedly until the desired fan speed is illuminated on the control panel.
5. If auto off function is desired, press TIMER button until timer display indicator is illuminated on desired time 1/2/4/8 Hr.

CLEANING AND MAINTENANCE

CAUTION: Before cleaning, turn OFF and unplug the unit from mains power.

External cleaning of unit:

- Turn off and unplug the unit.
- Use a soft cloth slightly damp cloth and dishwashing soap to wipe the outer surfaces.
- Do not allow water to slip into the internal parts as this could damage the unit and result in electrical shock and injury.
- Allow the unit to dry thoroughly before use.

Cleaning the filter:

- Turn off and unplug the unit.
- Open the filter cover, then pull out the filter.
- Run a vacuum cleaner with brush attachment on low power setting along the Pre-filter to pick up the dust and other particles.
- Re-attach filter and close the filter cover.

IMPORTANT! When placing the filter back into the air purifier, ensure the filter cover is locked into place.

Note: It is recommended that the filters are cleaned every 100-500 hours of operation, depending on the air quality in the room and surroundings.

REPLACING THE FILTER

When the lifespan of the filter set reaches its end, discard the old filter and replace with a new one.

The lifespan and duration of the filter depends on the air quality in the surrounding environment. The higher level of pollutants, the shorter the filter lifespan. It is advisable to change the filter at 8-12 months or when **Filter Change** indicator is ON.

How to replace filter

- Turn off and unplug the unit.
- Twist to open the filter cover then pull out the filter.
- Install a new filter in position, make sure the filter cover is locked into place.
- Press and hold the **Filter change** button for 3 seconds to reset the Filter Change Indicator.

IMPORTANT! When placing the filters back into the air purifier, ensure the filter had locked into place properly.

12 Month Warranty

Thank you for your purchase.

Your new product is warranted to be free from defects in materials and workmanship for the period stated above, from the date of purchase, provided that the product is used in accordance with accompanying recommendations or instructions where provided. This warranty is in addition to your rights under the Australian Consumer Law.

For New Zealand customers, this warranty is in addition to statutory rights observed under New Zealand legislation.

We will provide you with your choice of a refund, repair (where possible) or exchange (availability dependent) for this product if it becomes defective within the warranty period. The business will bear the reasonable expense of claiming the warranty.

This warranty will no longer apply where the defect is a result of alteration, accident, misuse, abuse or neglect.

Please retain your receipt as proof of purchase and contact our Customer Service Centre as listed below, for the entity you purchased this product from, for any difficulties with your product. Warranty claims and claims for expense incurred in returning this product can be addressed to the respective Customer Service Centre.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
