

106x150mm (折后尺寸)

7

Pipe the whipped wax from the piping bag into the jar. Make sure to keep the wick straight and centred in the middle of the whipped wax, as shown.

8

Before the whipped wax fully dries, gently press the fudge bars into the soft wax to secure them. Your candle is now ready to use or display.

FOR INDOOR USE ONLY.

WARNING: NEVER LEAVE A BURNING CANDLE UNATTENDED. NEVER TOUCH OR MOVE WHILE ALIGHT. KEEP AWAY FROM ALL FLAMMABLE MATERIALS, FROM DRAFTS, VENTS & CURTAINS, FROM CHILDREN'S REACH, PETS AND OTHER HEAT SOURCES.

STOP USE AT 1CM OF REMAINING WAX TO PREVENT CONTAINER BREAKING OR PROPERTY DAMAGE.

ALWAYS USE HEAT RESISTANT MAT. ONLY BURN FOR 4 HOURS AT A TIME. TRIM WICK TO 6MM BEFORE RELIGHTING. FRAGILE, HANDLE WITH CARE.

- › 1 x glue dot
- › 1 x whisk
- › 1 x piping bag and tip
- › 2 x wax dyes
- › 2 x wooden sticks
- › 1 x instruction sheet

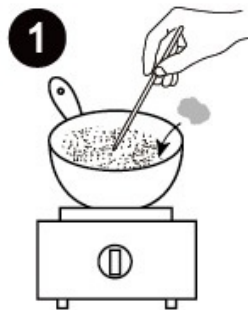

Guide Image

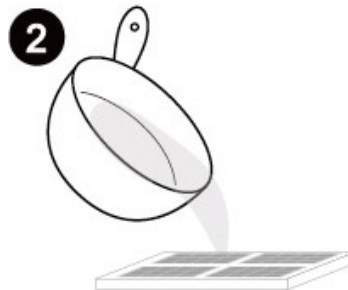

Tips

- › Keep the jar still during the setting process, ensuring the bottom of the candle is flat.
- › Pour the wax into the jar in three stages. Tap the jar during the pouring process to reduce air bubbles.

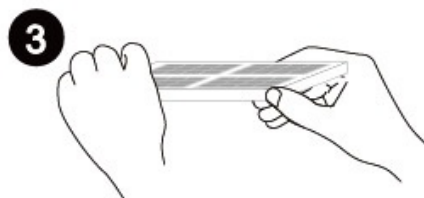

How To Make A Decorative Fudge Bar

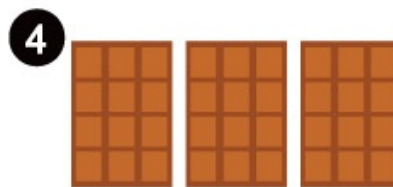

1 Add 10-15g of soy wax and wax dye colour chips to a heat resistant container. Heat and stir well with a wooden stick until all wax is melted and dye has dissolved completely.

2 Leave the wax to cool for a few minutes, then pour it into the fudge bar moulds. Allow it to cool completely.

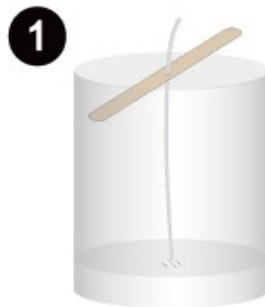

3 Gently demould after the wax has completely set to reveal your bars.

4 Makes a total of 3 fudge bars.

How To Make A Brownie Sundae Candle Jar

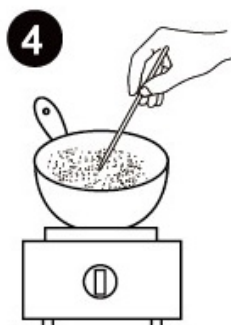

1 Secure the wick on the base using the glue dot. Place the wick holder on top of the jar and secure the wick in place.

2 Add 180g soy wax and wax dye colour chips to a heat resistant container. Heat and stir well with a wooden stick until all wax is melted and dye has dissolved completely.

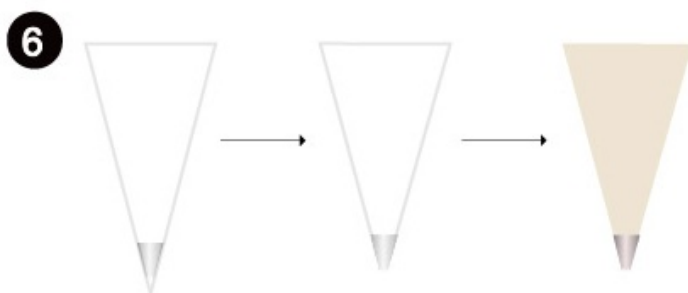

3 Allow the wax to cool for a few minutes, then pour it into the jar. Fill the jar approximately halfway. Allow the wax to set completely.

4 Add 50g soy wax to a heat resistant container, heat and stir well with a wooden stick until all wax is melted.

5 Pour the melted soy wax into a container (not included) and stir with a whisk until creamy.

6 Place the tip into the piping bag. Cut a small opening in the bag to fit the tip. Pour the whipped wax into the bag.
