DIY Beaded Wall Hanging Craft Kit

makes 1 wall hanging, approx size: 28cm(H) x 31.5cm(W)

includes:

- › 2304 x coloured beads
- › 1 x 31.5cm plastic hanging rod
- › 1 x white rope

other equipment required (not supplied):

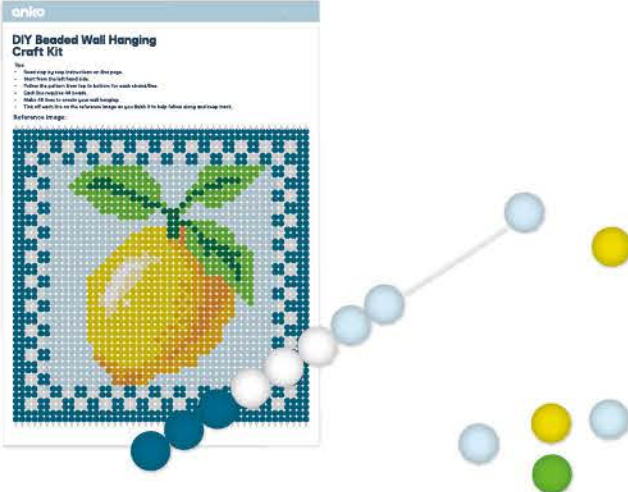

- › scissors
- › wall hook

Instructions:

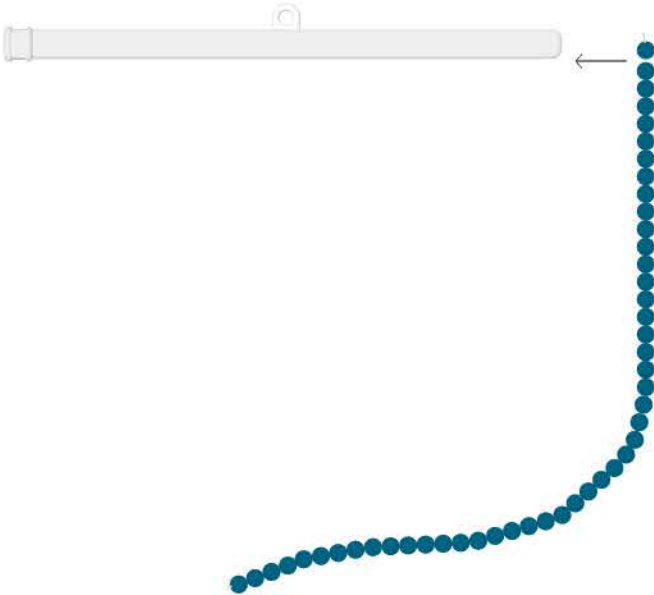

1. Take the contents out of the box and lay on your working surface.

2. Unwind the rope. Tie a knot at the end. Using the reference paper as a guide, take the corresponding colours of the beads one by one and thread them onto the rope working from top to bottom. There are 48 beads per line. After you have finished the first line of beads, tie a knot at the end and cut the rope.

3. Place 1 cap on the left hand side of the rod to close the end. Place the first top bead into the opening and slide along the base of the hanging rod. Slide right to the end.

3. Repeat step 2 and 3 for each strand of beads until the painting is complete. Add the end cap onto the hanging rod to secure.
