LEGEND

INSTRUCTIONS

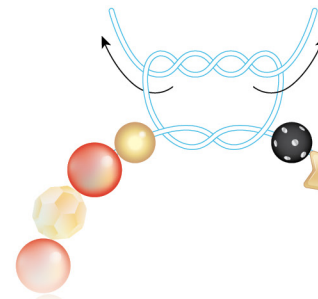

1 Attach the cord to your work surface with a piece of sticky tape.

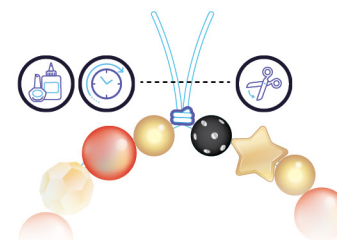

2 Thread the beads and charm onto the cord following the sequence shown.

3 **Important:** Finish bracelets with a jeweller's knot as shown.

4 Secure the knot by covering it with a drop of craft glue or clear nail varnish. Allow 5 minutes to dry and cut off the excess lengths of cord after the knot.

Repeat steps 1 to 4 to make the other beaded bracelets.

Before wearing the bracelets, gently pull on them to make sure they are well secured! Avoid submerging the bracelets in water.
