5

Take some red clay and roll into a ball with your hands, make 3 red balls in total.

6

Take a small amount of green clay and roll it into 2 balls with your hands. Use your fingers to mould them into leaf shapes, then use the clay tool to make a shallow indent down the centre of each leaf.

7

Place 2 eyes, 1 mouth, and 2 light pink cheeks on the Christmas pudding, as shown. Place 3 red balls and 2 leaves on the top of the Christmas pudding. Gently press to secure in place. The Christmas pudding is temporarily finished.

9

3

Take some red and white clay, and a small amount of black clay. Roll each colour into string-like strip. The black strip should be very thin and cut into a short piece to form the mouth. The red and white strip should be thin and long.

4

Shape the red strip into a bow and cut the excess part. Shape the white strip curved line and cut it into 4 pieces.

5

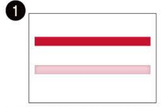

Place 2 eyes, 1 mouth, and 2 light pink cheeks on the face. Place 1 red bow, 2 mint green button and 4 white curved lines on the body, as shown. Gently press to secure in place. The gingerbread man is temporarily finished.

Tips

› Wash your hands before beginning, and prepare a clean, smooth work surface.
› Baking time may vary depending on your oven and the thickness of the clay. Take care to avoid burning it.
› Use a protective mitt or similar to remove the tray from the oven. Do not touch the hot clay. Allow the clay to cool and harden on the tray.

How To Make A Polymer Clay Gingerbread Man

1

Take some light brown clay and roll it into a ball with your hands. Use the roller to flatten the clay to about 5mm thickness. Cut out a gingerbread man shape using the tool.

2

Take a small amount of black, light pink and mint green clay. Roll each colour into 2 balls with your hands, then flatten them with your fingers.

1

How To Bake Polymer Clay Figurines

1

Preheat the oven to 140°C. Place the figurines flat on an oven tray lined with baking paper and bake for 15 minutes. Baking time may vary depending on the clay thickness and your oven. Carefully remove the tray using an oven mitt and allow the figurines to cool completely on the tray before touching.

2

When the figurines have cooled and hardened, peel the backing paper off the magnets and firmly attach a magnet to the back centre of each figurine. The Christmas magnets are now ready to decorate your fridge or magnetic board.
