DREAME

A9 MAX

Easy Clean, Fresh Scene.

A9 MAX

Cordless Stick Vacuum

Discover Dreame's solution for quick, thorough, and easy whole-home cleaning. The Upgraded Multi-Surface Brush is 245 mm* wide, boosting cleaning efficiency on all floor types. Green light illumination reveals hidden dust and hair with 16×* enhanced visibility, ensuring a flawless clean. A 6×2200 mAh battery delivers up to 50*minutes of fade-free runtime, enough to clean a maximum 200 m^{2}* on a single charge. 99.9% (≥0.3 μm)* whole-machine filtration traps dust for purer exhaust air. A Smart LED display enables 3-mode switching and battery monitoring. A 250 W brushless motor generates up to 22,000Pa* suction for deep, efficient cleaning.

Key Features

Multi-Surface Cleaning with Efficiency

The 245 cm* wide upgraded brush delivers efficient performance from hard floors to carpets. Its weighted, self-propelled glides effortlessly.

Green Light Illumination for Thorough Cleaning

Green Light 16x enhances dust visibility, clearly revealing particles and hair that are normally unseen. It ensures a truly thorough clean, leaving no speck of dust behind.

High Power, Long Run

A 250W brushless motor delivers 22,000Pa* suction for quick, deep cleaning. Empowered by a 6x2200mAh battery with 50* minutes of fade-free runtime, it's built to tackle your whole home without pause.

99.9% Whole-Machine Filtration for Cleaner Air

Captures 99.9%* of particles down to 0.3μm, preventing fine dust from recirculating into the air you breathe.

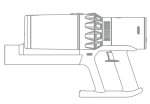

Specifications

Product Name	Dreame A9 MAX Cordless Stick Vacuum
Rated Power	250W
Suction Power	22,000Pa*
Battery Capacity	6*2200mAh
Maximum Runtime	50 Minutes
Charging Time	4-5 Hrs
Dust Cup Capacity	0.45L

Features

- Upgraded Multi-Surface Brush
- Green Light Illumination
- 50* Minutes Maximum Runtime
- 99.9%* (≥0.3μm) Whole-Machine Filtration
- LED Display
- 22,000Pa* Suction
- 250W Motor

User Manual

245 mm*: Based on our in-house lab data, report No.ZM-260509-003.
16X*: Based on our in-house lab data, report No.ZM-260509-003. Actual results may vary depending on usage and environment. Green light enhances dust visibility by magnifying dust shadows up to 16 times. Actual results may vary depending on lighting and environment.
50* Minutes: Based on tests in our in-house lab data, report No.ZM-260509-003, in Low Mode with the Combination Tool.
200 m^{2}*: The data is obtained from our in-house lab tests under specific conditions with a fully charged battery in low mode, report No.ZM-260509-003. Actual coverage may vary depending on floor type, stain severity, and operating environment.
99.9% (≥0.3μm)*: Achieves up to 99.99% whole-machine filtration efficiency for particles down to 0.3μm in size. Tested according to the method specified in Section 5.11 of GB/T 38048.4-2024. Based on our in-house lab data, report No.ZM-260509-003. Actual results may vary depending on usage and environment.
22,000Pa*: Based on our in-house lab data, report No.ZM-260509-003. Tested in accordance with IEC 62885-4:2020 / 5.8 using a 0 mm diameter test apparatus. The product was tested with special firmware. Actual performance may vary depending on usage conditions.
*4-5 Hrs: Based on our in-house lab data, report No.ZM-260509-003.
*4.5L: Based on our in-house lab data, report No.ZM-260509-003.
