**Compared to homemade fries cooked in a conventional deep fat fryer.
****Survey among NutriU users, 6000 respondents, 2021.
******Average percentages based on internal lab measurement with Philips Airfryers; cooking one chicken breast (AF setting 160C no preheat) or salmon filet (AF setting 200C, no preheat) vs. using an A class oven.

Highlights

RapidAir technology

Crispy on the outside and tender on the inside, with little or no added oil. RapidAir technology with unique StarPlate creates perfect air flow to cook quickly and tastily every time.

Up to 90% less fat

Now you can make delicious, guilt-free food with virtually no need to add oil for healthy meals with no compromise on taste.

12 cooking methods in one

Air fry, bake, grill, roast and more. Easily adjust time and temperature for 12 different ways of cooking including quick reheating, defrosting and dehydrating.

HomeID Recipe App

Discover thousands of free recipes and specific settings for your Airfryer. 93% of users say the HomeID app makes cooking easier.**

Quick and easy to clean

Save time on cleanup with our non-stick StarPlate and pan that can be put in the dishwasher.

Perfectly-sized

The compact design is ideal for every kitchen large or small. Holds up to 500 g of fries, 6 chicken drumsticks or 500 g of vegetables in a 4.2-liter pan.

Save time and energy

Cook up to 50% faster & save up to 70% energy when cooking with Philips Airfryer instead of your oven.***
