**Compared to homemade fries cooked in a conventional deep fat fryer.
****Test done on sausages in the left basket compared to traditional convection ovens.
******Test done on sausages in the left basket compared to traditional convection ovens.

Highlights

Rapid Air Plus Technology

No more burning or undercooking. Our patented design optimizes heat circulation to not go only around the food but also through it for best results: crispy, tender, evenly cooked food every time.

2 drawers, 2 sizes

2 drawer air fryers: The large drawer is perfect for mains, fries, and whatever you love most. Use the smaller drawer for sides, veggies, and snacks.

Time function

Automatically synchronize cooking times in 2 drawers, so all your food is ready to serve together. One meal, fresh and hot.

Copy function

Quickly set the same cooking time and temperature for dual baskets at the touch of a button.

HomeID recipe app

The best dual air fryer with tailored recipes in the HomeID app. Gives you step-by-step guidance and hundreds of mouthwatering meals with specific settings for your Dual Basket Airfryer.

Touchscreen with 8 presets

No more checking or guessing. With the touchscreen display, the dual basket airfryer has preset temperatures and times for fresh fries, frozen fries, chicken, meat, veggies, fish, cake, and reheat.

Up to 90% less fat*

Now you can make delicious, guilt-free food with virtually no need to add oil for healthy meals with no compromise on taste.

Energy efficient

Dual Basket Airfryer is wallet-friendly, consuming less than 70% energy of a standard oven.**

Faster than an oven

Unbeatable speed. Save time and prepare a meal in only a few minutes***
