Product Description (Picture 1):

Operating Instructions:

※ Remove the Battery Cover and insert three AAA batteries according to the battery compartment instructions (batteries are not included) (picture 2).

Picture 2

Using Tips

- 1) While using the appliance, slightly adjust your fingers or toes in order to irradiate and dry your nail polish evenly on the front and sides of the nails.
- 2) Do not apply a thick nail polish layer, nail polish does not dry well when the coat is too thick.

Using the Appliance

- 1) Place your fingers or toes on the Activation Panel and slightly press it to turn on the appliance, the UV Light and fan drying mode automatically start at the same time (picture 3).

Picture 3

- 2) Remove your fingers or toes from the Activation Panel to turn the appliance off after usage.

Cleaning & Maintenance:

- 1) Make sure the appliance is turned off before you start cleaning it.
- 2) Do not immerse the appliance in water.
- 3) Clean the appliance with a dry cloth or with a cloth moistened with water.
- 4) Never use lubricant, detergent, polishing agents or air freshener on this appliance.

2. Trouble Shooting
