

TSA COMBO LOCK USE INSTRUCTION

KEYCODE#: 43203369

1. With the lock in the 0-0-0 position.
2. Pull up the shackle, rotate the shackle 90° in a counter-clockwise direction, then press down the shackle.
3. Set your desired personal combination by turning the dials, for example, 8-8-8.
4. Release the shackle to confirming your personal combination.
5. To reset your lock, repeat the steps above.
6. Please keep your combination safe - if you forget it, there is no way to open your case!
