Inflatable Bubble Ball Instruction Manual

MAXIMUM
USER WEIGHT

We thank you for purchasing this toy and ask that you read the instructions below before playing.

This item is made of highly flexible TPR material, it is strong, durable and super-elastic. It is designed for kids to enjoy playing with it. After inflating to the desired size, you can sit on the ball as a chair, lie down, squeeze it, bounce on it. To avoid leaks, ensure the valve is firmly sealed.

Follow steps below to ensure strong seal:

Step 1 . Inflate the bubble ball by pump (not included).

Step 2. Stretch the valve as far as possible, then wrap around with two fingers (Fig.1).

Step 3. Seal the valve with a dead knot (Fig.2).

Fig.1

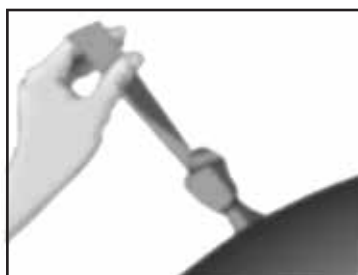

Fig.2

WARNING!

1. Adult assembly required.
2. Suitable for indoor and outdoor use. For domestic use only.
3. Do not leave child unattended. Adult supervision required when using.
4. Keep away from sharp edge/sharp point objects when using.
5. Maximum weight limit in maximum inflated size: 50kgs.
6. Suitable inflated dimension: 80cm-120cm(Dia).
7. To be safety, do not just apply all the force in one small place of the ball.
8. When not in using, do not place the product on th esurface of paper as this may cause oil stain on the attached area.
