

INSTRUCTIONS FOR USE

Apply water to the stickle puffs to make it sticky!

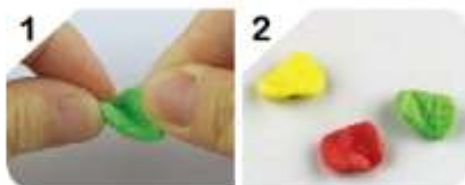

Be careful - avoid submerging in water, it will dissolve the product.

1. Soak a cloth with water and squeeze off any excess water.
2. Dab the stickle puff on the damp cloth to make it sticky!
3. Stick two stickle puffs together by pressing them together!

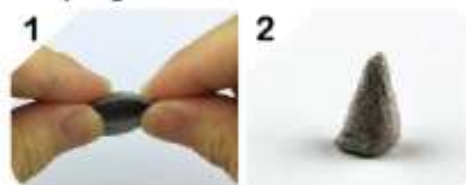

HOW TO USE

Press and Distort

Stickle puffs can be twisted, pinched and flattened!

Shaping

Use your fingers to mould the stickle puff into different shapes!

Cutting

Cut (cutter not included) the stickle puffs into smaller pieces - great for details like eyes!

Shapes

Flowers

Animals

Adult supervision is recommended.
