Paint Your Own Magnet Set

DIRECTIONS:

1. Find a flat surface that you can use as your work area.
2. Cover your work area with newspaper or paper towels.
3. Lay out all of your material in front of you.
4. Put on an apron or art smock before you paint.
5. Keep a cup of water near to thoroughly wash the paint brush after applying each colour.
6. Close the paint lids after each use to prevent paint from drying.

TIPS:

1. Add some water to the paints if they look too dry or sticky.
2. Let the painted plasters dry completely after you have finished painting.
3. Refer to the packaging box as inspiration when painting, or create your own designs.
4. Mix different paints together to create new colours.

Note: Mixing Pink and Yellow will make a close shade to Orange.

USER CARE INSTRUCTIONS:

Avoid leaving the magnets on metallic surfaces for long periods of time as unchecked humidity may result in dirt build-up and rust formation.

Ensure the metallic surfaces are always kept clean and free from humidity, take special care below water & ice dispensers.

Never drag the magnets on the metallic surfaces to avoid damaging the finish.
