Game Setup & Rules

1. Place the game board on a flat and stable surface, ensuring it is clean and free of obstacles.
2. Each player selects a side and holds the control rods to manoeuvre their team's players.
3. Decide which player starts first by flipping a coin (not included) or another fair method.
4. The game starts with one player serving the ball by placing it in the centre of the football table.
5. Players rotate and push the rods to pass, defend, and attempt to score by kicking the ball into the opponent's goal.
6. A goal is scored when the ball completely enters the opponent's goal.
7. The ball is then placed back in the centre, and the player who conceded the goal restarts the game.
8. Players can set a target score (e.g. 9 points) or play within a time limit (e.g. 5 minutes), with the highest-scoring player winning when time runs out.
9. After each game, players should switch sides of the football table before starting a new match.

Fouls

1. Excessive spinning of the control rods (over 360°)
2. Lifting or moving the table intentionally
3. Touching the ball with hands (unless the ball is stuck, and both players agree to restart the play)
