## ROADTEST

## 2.CHECKERS

**Stress Range:** Do you think you will still have the same stressors when you enter the workforce? Do you think you will have more stressors? Do you think you will have fewer stressors? Do you think you will have the same stressors but in a different way? Do you think you will have the same stressors but in a different way? Do you think you will have the same stressors but in a different way?

**Has It Happened to You?** You're out for a walk around the block. You're tired, but you're not sleepy. You're not hungry, but you're not full. You're not thirsty, but you're not drinking. You're not talking to anyone, but you're not alone. You're not thinking about anything, but you're not not thinking about anything. You're just walking. And you're wondering how you got here.

Required 20 sitting and 12 counts

### 14-TICK TACK TOE

Step 1: Set Up the Board  
 (Each side has 7, but you'll use only 4 columns.)

Each player takes turns marking one square at a time, alternating between the two colors.

Player 1 starts with a blue square.

Player 2 uses a red square.

the opponent is jump over the opponent's piece  
moving while leaving your own pieces behind.

is a **double jump**. The goal of the game  
is to be the first to reach the last square.  
The game is for two players. You can  
play it with a friend.

to align three of your pieces in a  
row, either horizontally or vertically, while  
moving during the game.
