DOUGH EXTRUDER

Fill the dough extruder with dough, then press the insert into the dough extruder to make ice cream and other fun pastries and decorations.

BASIC SHAPES

Here are a few useful techniques.

CIRCLE

OVAL

SQUARE

DROPLET

Create round balls and oval shapes by swirling dough between your palms. You can roll even smaller balls between your thumb and index finger.

Hold a ball shape with your thumb and index finger. Gently press inward to create flat sides.

Roll the dough on a flat surface or between your palms. Use more pressure where you want to create a thin end.
