## HOW TO DISPOSE OF RECHARGEABLE BATTERIES

1. The built-in rechargeable lithium battery of this product contains substances that may pollute the environment. When disposing of this product, please do not put it with general household waste, and the battery should be taken out.
2. Be sure to turn off the power before disassembling the product and taking out the lithium battery.
3. To take out the lithium battery, unscrew and pry off the buckle of the upper cover of the

product, open the upper cover of the product, and then take out the lithium battery.

4. The removed lithium battery should be disposed of safely and put into the battery recycling center designated by the government, which is conducive to environmental protection. Special Note: Take out the battery only when discarding this product. Before taking it out, please make sure that the battery has been exhausted. Non-professionals should not disassemble it.

#### **CLEANING AND PRESERVATION**

Please use a clean soft cloth to clean the product (please turn off the power when cleaning, do not use corrosive cleaning agents such as benzene or thinner, otherwise it will cause discoloration, surface aging, structural damage, etc.)

Please put the product in a well-ventilated and dry room.
