3. Continue painting the tulips, following the colour guides and blending from the center of the petals outward to create a three-dimensional effect and depth. (Fig. 4)
4. Select green paint and carefully paint the leaves and stems to bring the overall painting to life. (Fig. 5)
5. Continue to colour the tulips. (Note: The following are just reference, you can choose your favorite colours for your creation.) (Fig. 6-10)
