IV. Function and Operation

V. Battery and Charger Operating Guide

- 1.The charging socket is located at the rear.
- 2.The battery and charger which are provided or recommended can be used only.
- 3.Please do not play with the charger and battery because they are not toys.
- 4.The battery is to be charged by adults only.
- 5.The battery shall be fully charged before first use; the battery charging time shall be 9-10 hours and can not exceed 15 hours.
- 6.The lukewarm phenomenon of the charger and battery will occur during charging.
- 7.The battery charger used with the electric toy shall be regularly examined for damage to the supply cord, plug, enclosure or other parts, and in the event of damage, it shall not be used until the damage has been repaired.

1.Battery warning:

- 1)When storing the car for a long period of time, charge the battery until full then turn off the power switch. The battery should be recharged once every other month, or may otherwise have a shorter life span and risk deteriorating.
- 2)When installing the battery, it is important that the positive and negative poles are correctly connected. Short circuiting of positive and negative poles may result in damaging the toy.
This toy contains batteries that are non-replaceable.

9

2. Product warning:

- 1) There may be potential sharp edges, sharp points or small parts before the assembly of this product, and therefore this product shall be assembled by an adult.
- 2) To avoid suffocation, keep the plastic bag away from children. Dispose of all bags immediately.
- 3) Children shall correctly use the car under the guidance and supervision of adults, otherwise they may injure themselves or others.
- 4) The car is suitable for being driven on flat ground and it is strictly prohibited to be driven in dangerous places such as public roads, slopes and near swimming pools to prevent traffic and drowning accidents
- 5) Please put on shoes and protective equipment before use, putting on the helmet, safety gloves, knee pads, etc. helmet, gloves, knee pads, etc.
Regularly check whether the battery, charger, wire, plug, casing and other parts are damaged; if the damage occurs, please cease to use this product until it has been repaired.
This product is only allowed to be used by a child; the maximum load is 25kg, and therefore the overload is not allowed.
Keep away from fire.
Keep the instruction manual for future reference.
Warning: The use of toys in areas other than private venues can cause safety hazards such as traffic accidents.

3.WARNING:

WARNING

To reduce the risk of injury, adult supervision is required.
It is strictly forbidden to use on the roadways, near motor vehicles, slopes, swimming pools and anywhere near water.
Please wear shoes; this toy car can only be used simultaneously by one person.
Keep away from children until it is completely assembled by an adult as there are potentially sharp edges, points and/or small parts.

WARNING

Do not mix alkaline battery, standard (carbon-zinc) battery or rechargeable (nickel-cadmium) battery.

WARNING

Protective equipment should be worn. Not to be used in traffic.
