

ELECTRICAL SAFETY RECALL

Kmart is recalling 6V Mini Quad
Keycode 42224280.

Available at Kmart stores between October 2015 - April 2016.

Hazard: Electric shock from the charger.

Action Required: Customers should cease using the charger immediately and return the full product to any Kmart store for a full refund or alternatively Kmart is able to supply a new charger to customers together with a reply paid satchel for the return of the current charger. The charger will be available by contacting our Kmart Customer Care Team from 20th May, 2016.

Contact Details: For more information please contact Kmart Customer Service on 1800 124 125 Monday-Friday between 8.00am-5.00pm AEST or visit www.kmart.com.au
